Sagiv UltraSlide™

Innovative slide pipe fitting system for all PEX & PE-RT pipe types, that is reliable, easy to use, and allows for leakage-free installation.

The UltraSlide eliminates the need for O-Ring, and uses a patented sealing technology based on the penetration of the fitting tooth into the pipe surface, and an extremely strong sleeve that functions as a spring, keeping the connection area tidy and 'Dry-Forever'.

FEATURES

- Used with all PE-based pipes (PEX, PE-RT, Composite, EVOH, etc.)
- Worldwide patent protected
- Self-Align technology ensuring uniform stretching of the pipe
- O-Ring free technology allowing thinner fittings
- Forged brass fittings, a technology that ensures a lifetime of strength and durability
- Single-step manual & hydraulic tools for 16-32mm pipes
- Suitable for multiple applications: hot & cold water, gas, hydronic systems, and more

BENEFITS

- Best solution for Multi-Layer pipes (PEX & PE-RT) - No need to expand the pipe edges, therefore no damage occurs to the Aluminum layer
- Dry Forever - The O-Ring is replaced by built-in lateral protection
- Increased flow capacity - The O-Ring free technology allows for significantly thinner fittings
- Easy to use - No need for calibration & pre-expansion of the pipe edges
- Saves time on installation - A Single tool is used for 16-32mm pipes

Technology • O-Ring Free • Easy-to-use • Single Tool • Leakage Free

THE UltraSlide™ PIPE FITTING SYSTEM INCLUDES: High quality Brass fittings & PVDF Sleeves

Innovative single-step operation tools

THE UltraSlide™ SYSTEM IN OPERATION:

Cut the pipe

Set the fitting
and the pipe
in the tool

Connect the fitting
and the sleeve
to the pipe -
in single step

About Sagiv

In the heart of the Negev

Located at Mashabei Sadeh, Sagiv is Israel's leading company for the production and export of ball valves, special valves and accessories on demand. These allow full control of water, gas, petrol and oil flow. Our products are integrated within many systems in industry, construction, air conditioning and agriculture.

International Presence

Our plant exports its products to the most advanced and demanding industrialized nations in the world along with developing areas who are seeking advanced flow control solutions.

Close to the Customer

Our R&D department works in close liaison with the engineering divisions of our clients. In this way we can give responses in real time to the unique requests that often arise with client projects.

Excellent Reputation

Sagiv has earned a reputation for high quality, creativity and reliability. As a result of our extensive experience on the industry and our passion to solve the challenges introduced by our customers.

Financial Strength

Sagiv is equally owned by Kibutz Mashavey Sade and by GaonAgro Industries Ltd. – a subsidiary of Gaon Holdings Ltd, one of Israel's leading investment companies. GaonAgro deals primarily in the water infrastructure industry, water related projects and agriculture.
